REBEL Records

This foremost bluegrass label was founded in 1960 by Charles R ('Dick') Freeland. In 1979 he sold the company to David Freeman, who already had been producing many oldtime and bluegrass records for County Records. Rebel Records is still an active and important recording company in the bluegrass world, nowadays led by David's son Mark Freeman.

For this list I have assembled LP's from the mid 1960s through 1990.
